**CONFIRMATION PRACTICE: Tonight at 7:00 p.m. in church. The Candidate and his/her sponsor are to attend.**

**FEMA:** Our school, like schools across the country, is preparing for emergencies which may occur. Shortly after Christmas vacation, we will hold a practice “lock down” drill. Teachers and children *will* know about the drill ahead of time, so as not to frighten them unduly....later in the year, we will hold a surprise drill. In the meantime, let’s take all precautions in order to keep our children safe: on the parking lot, before school, after school, etc.

**H1N1-**We *will* be a site for H1N1 Vaccinations, but we still have no date. The Cook County Health Department will sponsor this event, and will send permission slips once a date is set. Once we receive the Permission Slips, there will be little “turn around time” so please watch for them and return them the *very day after you receive them.*

**Building Repairs:** Repairs on the foundation of the 1954 addition to our school (Jr. High Wing) is scheduled to begin early in December. The first phase of work will be done *outside* the building, but we will be moving classrooms to cut down on noise distractions. Mrs. Karwoski will hold Science Classes in her homeroom, 109; Ms. Klawitter’s Room 112 will use Room 113; Mrs. Bostedo’s second grade will use Room 201. Mrs. Farley and our District #153 Tutor will use the Conference Room or Parents’ Club Room. These arrangements will be in force until Christmas Vacation. The second phase of repairs will take place after school closes in June.
